

INVENTORY MANAGEMENT SYSTEM

PROJECT PRESENTATION

Submitted by:

Tharun (IIT2021012)

Sathwika(IIT2021033)

Divija Roy(IIT2021076)

Vikas(IIT2021078)

Sujitha(IIT2021106)

REQUIREMENT

Technology Used:

- Front End: HTML, CSS,.
- Language: PHP
- Back End: MySQL

REQUIREMENT

Software configuration:

- Operating system: Windows or Linux
- Software: Visual studio code
- Database: MySQL Database Service
- Server: Xamp

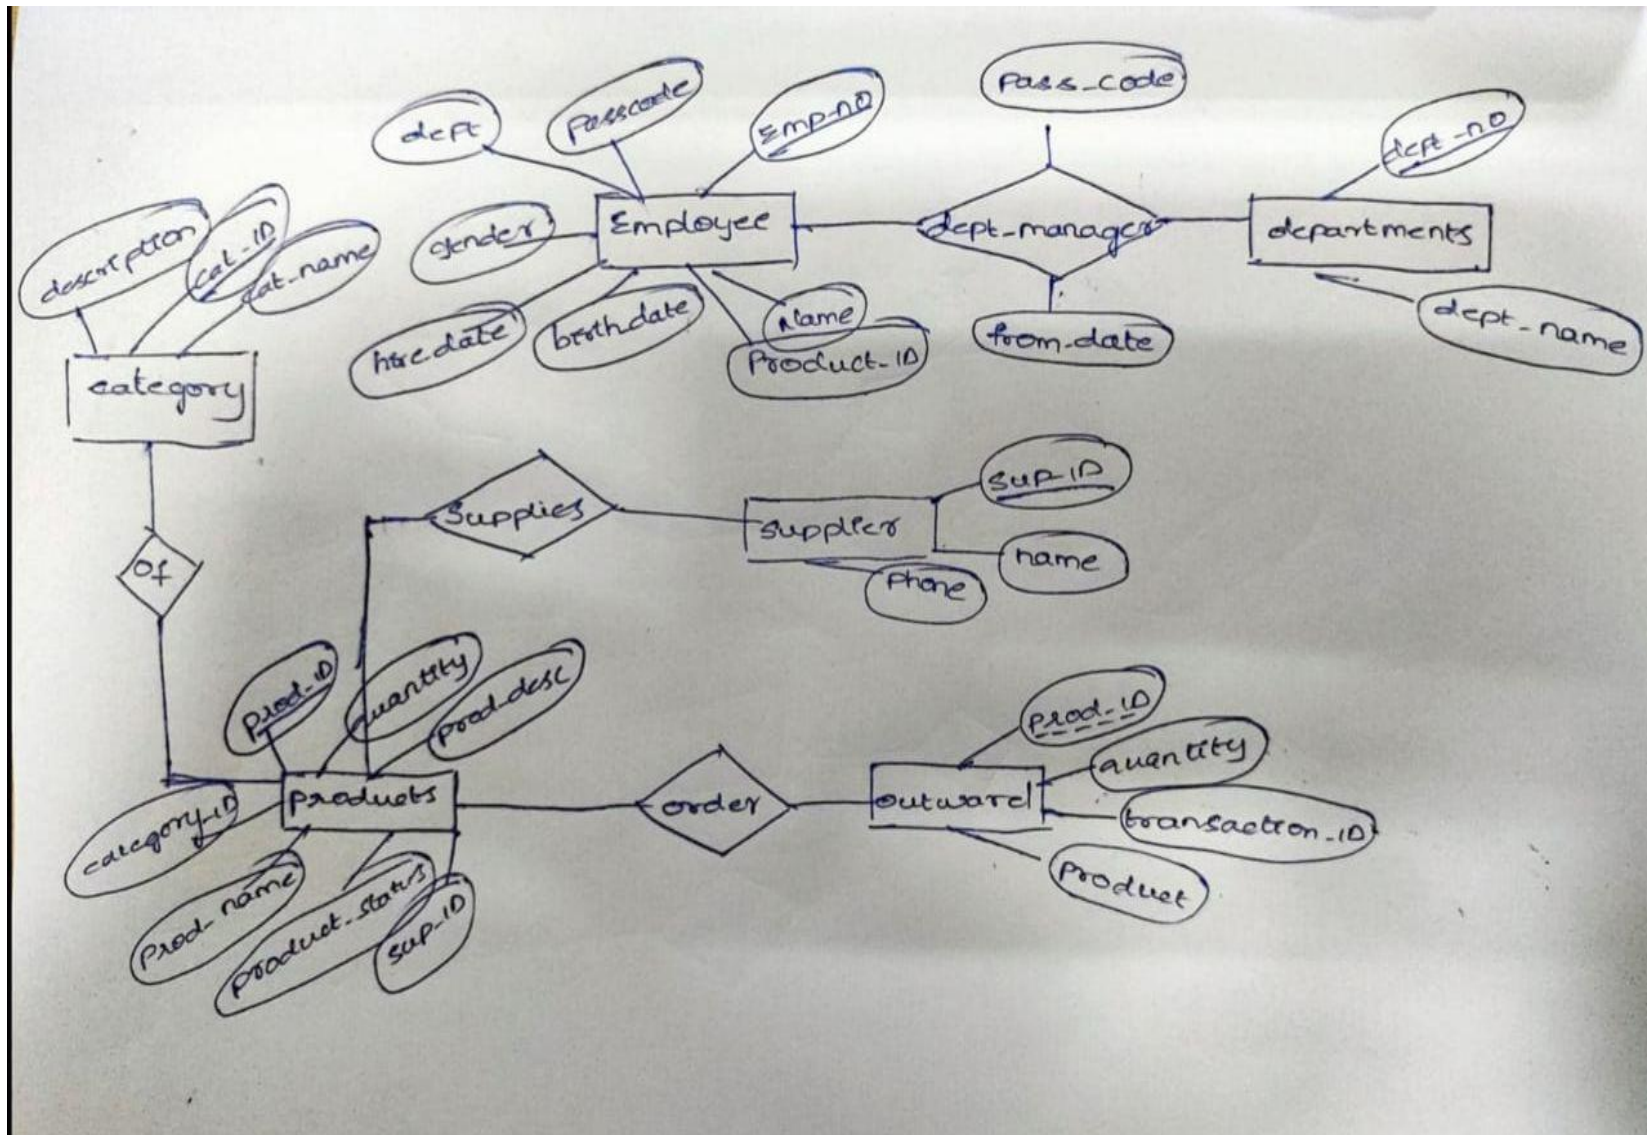

FEATURES

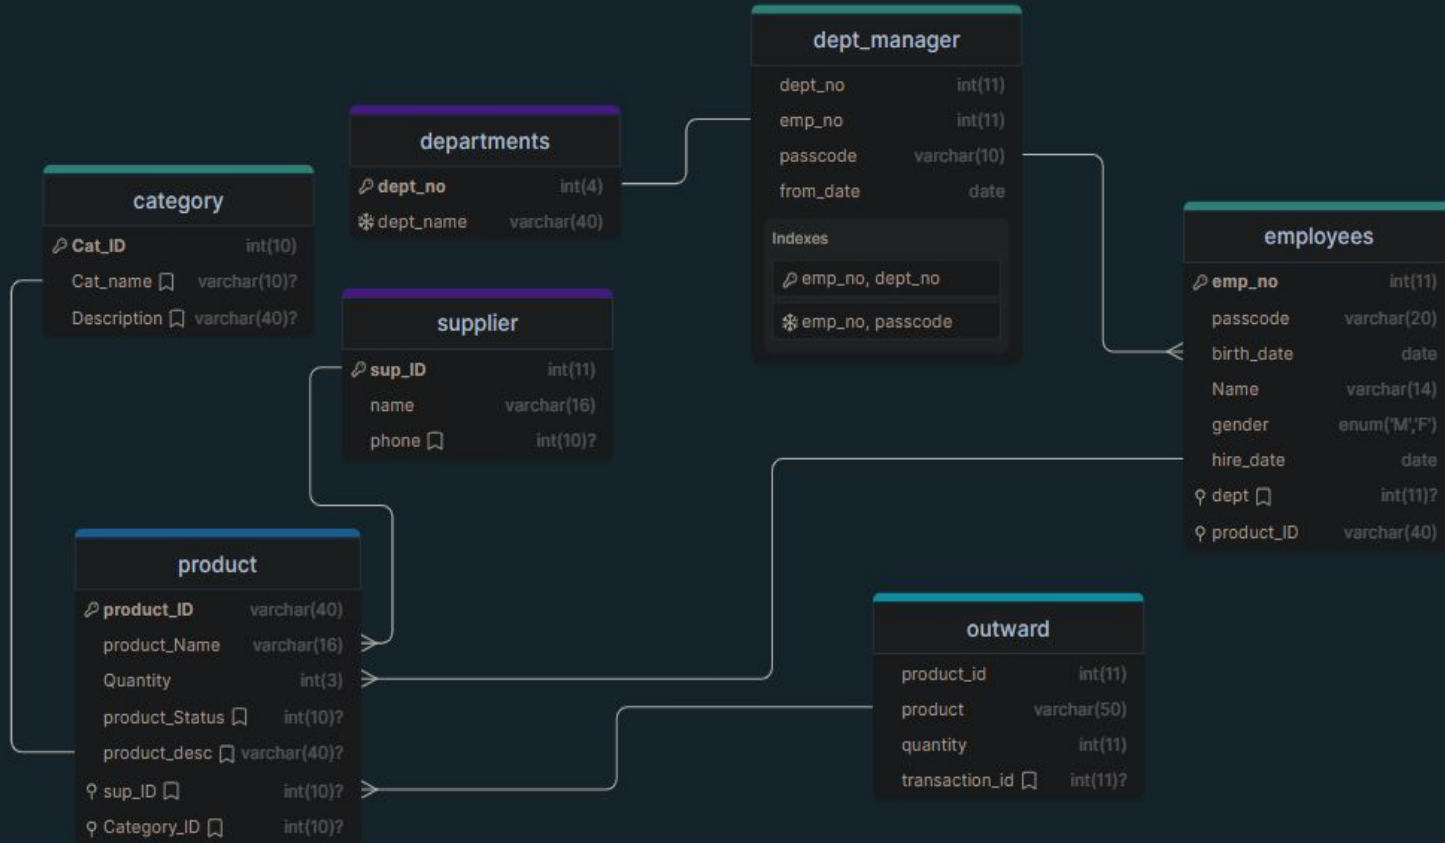

- ❑ Login/Logout
- ❑ Add product
- ❑ Add supplier
- ❑ outward
- ❑ Delete users
- ❑ Storage

Entity Relation Model

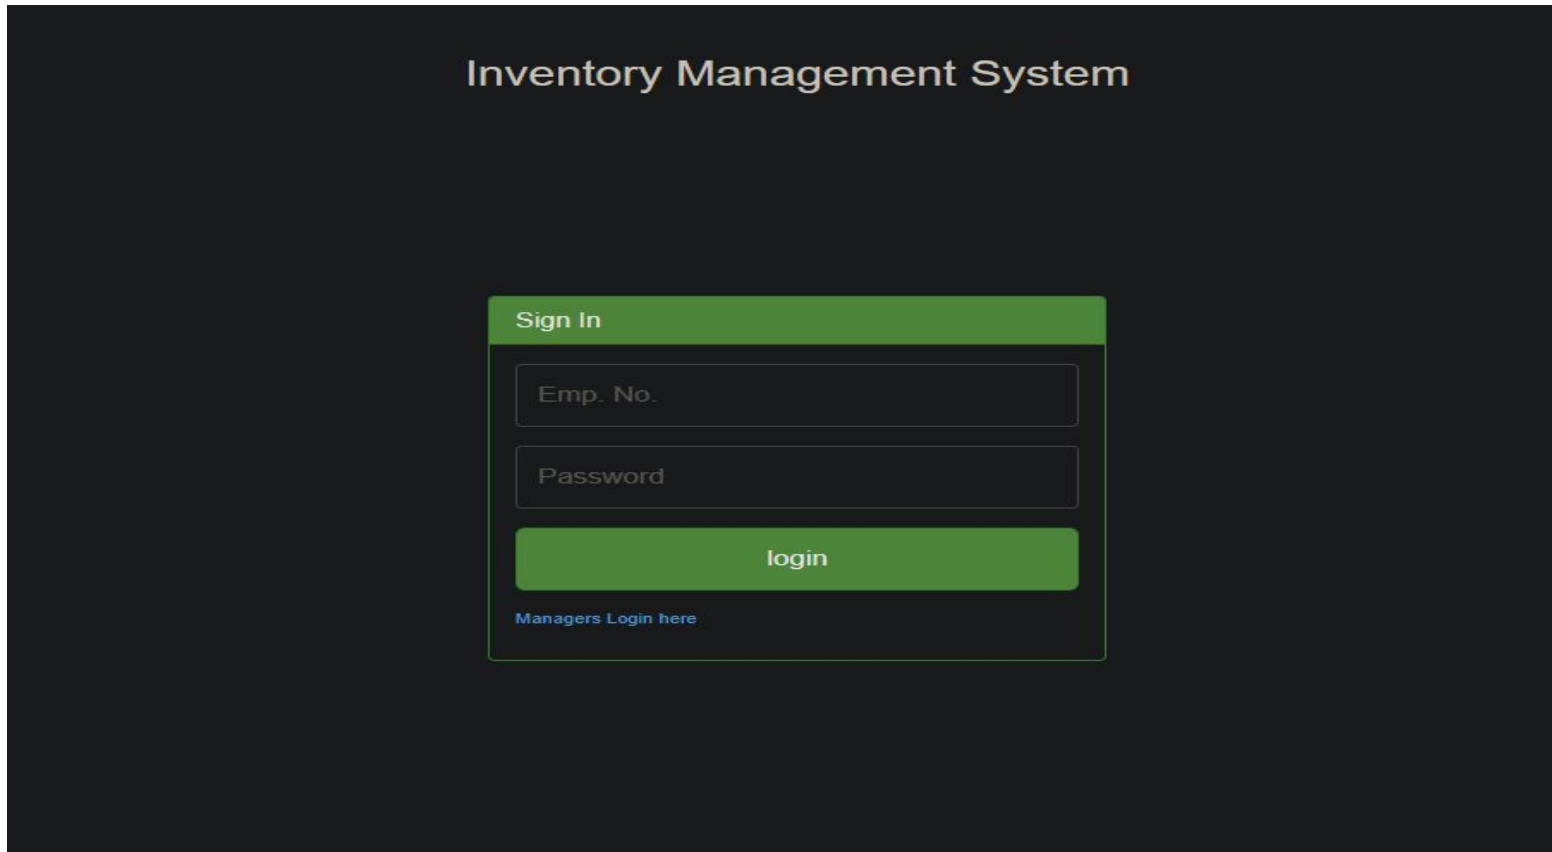

Schema

Screenshots

Login

The screenshot displays the login interface for an Inventory Management System. The background is a solid dark gray. At the top center, the text "Inventory Management System" is written in a light gray, sans-serif font. Below this, centered, is a white-bordered box with a light gray background. Inside this box, the text "Sign In" is displayed in a bold, black, sans-serif font. Below "Sign In" are two input fields: the first is labeled "Emp. No." and the second is labeled "Password", both in a light gray, sans-serif font. Below the input fields is a large, solid blue button with the text "login" in a white, sans-serif font. At the bottom of the white-bordered box, the text "Managers Login here" is displayed in a small, light blue, sans-serif font.
